Petition to ban thru-truck traffic over 18,000 pounds (except local deliveries) on Peekskill Hollow Road

To: The Putnam County Executive and Putnam County Legislature:

We the undersigned property owners request that large truck traffic over 18,000 pounds be restricted to local deliveries only along the entire length of the Peekskill Hollow Road (PHR) .

PHR is a residential road that connects our neighborhoods, NOT a thru-truck route, and it must be recognized as such to protect our neighborhoods and residents.
Large trucks are evading the existing truck routes, State RT 6 and RT 9. Large trucks routinely use PHR as a by-pass route, and are a danger to resident's safety. The use of PHR by these large trucks deteriorates the surface and integrity of the base of the roadway. PHR was never designed to accommodate or support the size or weights of these large vehicles. These large vehicles can pose a threat to the Peekskill Hollow Brook that is in very close proximity to the PHR. The brook is a water source for many residents of Putnam Valley and is the primary drinking water source for the City of Peekskill.
